Sen. Laura Toy responds to governor's State of the State address

LANSING – In response to the governor's 2006 State of the State address, state Sen. Laura M. Toy, R-Livonia, offered the following statement:

"I agree with the governor that despite all of the gloom and doom there really are some very positive things going on in our state. While our transition into a new global marketplace has and continues to take its toll on Michigan's economy, we have all been working very hard to protect and create jobs in our state. We need to continue to make the hard decisions in the weeks and months ahead."
